

FICTIONAL DEMONSTRATION - NOT FOR CONSTRUCTION USE

Mechanical isolation and reinstatement record

Document ID	SHQ-DEMO-MIR-004	Status	Demonstration record
-------------	------------------	--------	----------------------

A controlled record for a stated mechanical system, residual energy and safe reinstatement.

System

Asset	Level 4 chilled-water fan-coil branch
Area	East open-plan office
Energy	Pressure, electrical supply and retained fluid
Status	Fictional example - no real isolation performed

Make safe

Identify	Confirm system, valves, supply and affected areas
Isolate	Apply the authorised mechanical and electrical isolations
Release	Drain, vent or restrain stored energy as the assessment requires
Verify	Competent person confirms the safe state before handover

Return to service

Inspect	Confirm work complete and system ready
Inform	Notify affected people and remove the work party
Reinstate	Restore in the approved sequence and check for leakage or abnormal operation
Close	Record the responsible people, time and outcome

Fictional demonstration. SiteHQ records the process; competent people perform and verify the real isolation and reinstatement.
